Subject: RE: Wetlands reg and ASAP draft presentation
Attachments: 404 overview short version CTM 082217.pptx

Attached is a modified version (slides added that present info on ASAP) of what was provided to John last week ...in light of the recent briefing on Seven Hills...we may need to adjust the level of detail that is currently in this presentation as well further flesh out projects/efforts we currently are working on to improve efficiency and timeliness in our communications on 404 projects with the Corps ---- Clay
